

# Cornell University Sorority and Fraternity Life

## Social Event Policy

### Purpose

- To promote a safe environment for all Cornell students participating in sorority and fraternity sponsored events.
- To assist chapter officers, chapter members, alumni advisors and volunteers with reducing the risk associated with the consumption of alcohol by members and guests through the promotion of safe and responsible behavior.
- To affirm the sorority and fraternity community's tradition of and commitment to responsible self-governance.

### Educational Requirements

The sorority or fraternity President, Social Chair(s), and Risk Management Chair (or applicable positions) each must complete Event Management Training at the beginning of each semester. Training will take place prior to the activation of the event notification form. As leaders, these officers are responsible for conveying to their Chapter relevant information regarding event management.

Event monitors must complete the required event monitor training annually prior to serving as an event monitor.

[Cayuga's Watchers](#), or another Office of Sorority and Fraternity Life (OSFL) approved independent bystander intervention service will host a training every semester, and 10% of each chapter must attend to be trained on bystander intervention.

## Enforcement

1. Any chapter who hosts an event which was not submitted to OSFL via the notification form or an event that is otherwise not in compliance with this policy will be referred immediately to the appropriate conduct process. Local and University partners such as, Cornell University Police, Cayuga Heights Police, Ithaca Police Department, Ithaca Fire Department, City of Ithaca, Cornell Environmental Health and Safety, Interfraternity Council, Panhellenic Council and Multicultural Greek and Fraternal Council, etc. are asked to refer all chapters who appear to be holding events in violation of this policy.
2. Should any violations, at events or other activities, pose health and safety risks (including but not limited to facilitating, allowing, or requiring underage alcohol consumption, insufficient event monitoring/controls, or failure to complete the event notification form for an on- or off-campus event where alcohol is present), the chapter will be immediately placed on interim suspension, with all chapter activities ceased pending the outcome of an organizational conduct proceeding. Should the outcome of that proceeding substantiate the violations, the final sanction will range from a minimum of a three-year suspension to permanent removal of university recognition.

3. Student leaders from the sorority and fraternity community and university roving security teams will check on- and off-campus properties to make sure organizations are in compliance with this policy. Chapter leadership and event monitors must allow entry.
4. Chapters understand that selling or giving alcohol to an individual less than 21 years of age (by a person other than parent or guardian) is a Class B misdemeanor, punishable by imprisonment for up to three months and/or a fine, in addition to a violation of the Social Event Policy. Individuals may be referred to the Office of Student Conduct and Community Standards for individual violations.
